## Portable Monoblocs

### COMFORTABLE & CONVENIENT

### JUST PLUG IN... AND ENJOY CLEAR AIR, ALWAYS AT THE RIGHT TEMPERATURE

Who, today is insensitive to air quality? Airwell AELIA A air conditioners provide pleasant, balance and evenly distributed coolness. They offer additional comfort by dehumidifying, filtering and distributing the air in the home. Throughout the summer, you and your family live in a healthy, constantly renewed atmosphere. With AELIA A air conditioners, you have instantaneous coolness and wellbeing where you want, when you want... They follow you everywhere. Mounted on castors and compact in size, AELIA A air conditioners are a model of manoeuvrability. They create a cool, comfortable environment all around the home... in the living room, in the bedroom. Once summer days are over, the AELIA A can be easily stored away. Simple!

### PRODUCT BENEFITS

- Monobloc portable units
- Sober line
- Class A and B energy label
- Easy installation (no specific requirements)
- Moving wheels for more convenience
- Direct and infrared remote control
- Display panel with LCD screen
- 3 fan speeds
- Timer
- Electrostatic air filter

### IR REMOTE CONTROL AELIA A

With its excellent ergonomic properties and LCD display, the Airwell infrared remote control is highly user friendly. It allows to select the different operating modes (Cooling-Dehumidification-Auto Fan) to set the timer (from 1-24 hours) and control temperature to create the desired climate.

### FLEXIBLE AND EASY INSTALLATION

A simple air out hose is placed outside.

### R-410A: AN ECO-FRIENDLY FLUID

The portable units AELIA A are available with the ecologically friendly refrigerant R410A. This refrigerant provides high energy efficiency, while preserving the ozone layer, and is easily recyclable. Its high density and high energy efficiency provide significant energy saving and great performance.
