

# Airwell

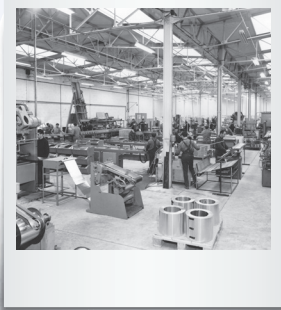

## 2023/24 HEAT PUMPS, AIR CONDITIONING & RENEWABLE ENERGY RANGES

# Airwell

**YOUR FRENCH REFERENCE**  
*for over 75 years*

**Airwell, a French thermal equipment manufacturer committed to the energy transition**

## A French referenced brand for professionals

As an expert and creator of climate and thermal solutions, Airwell's mission is to create and cultivate well-being. Airwell is committed to:

**Reinventing uses**

→ To limit our environmental footprint.

**Optimising consumption**

→ To consume less and better.

**Promoting solar energy**

→ To preserve natural resources.

## Historical French manufacturer

- 1947 ● Creation of the Airwell Group, the French pioneer in heat pumps.
- 1970 ● Airwell becomes the leading European heat pump manufacturer. Leader in Europe and Africa.
- 2008 ● Industrial disengagement and restructuring of the Airwell Group.
- 2014 ● Launch of the Airwell 2.0 strategic project (the transformation from a heat pump manufacturer to a solution provider).
- 2020 ● Launch of My Hybrid House, AirConnect Pro and Leezy.
- 2021 ● Airwell becomes Airwell Group following the acquisition of Airwell Residential by **GRUPE AIRWELL** Airwell Distribution.
- 2022 ● Integration of the CSR approach into the strategy and award of the «Innovative Company» label by BPI France.
- 2023 ● Airwell Group acquires Amzair Industrie and creates Airwell Industrie to integrate production into its value chain.

# INNOVATION · SERENITY · COMFORT LISTENING · COMMITMENT

## Airwell manifesto

A vision for the future.

This is how Airwell was born in 1947. With the crazy idea of bringing innovative solutions from the United States that did not yet exist in Europe: air conditioning.

Today, innovation is more than ever at the heart of Airwell, as we have become leaders in the creation of thermal and climatic solutions. A deeply human innovation, listening to consumers.

Just like the family spirit that defines Airwell, based on wellbeing and respect for everyone's expectations.

Optimising our energy consumption, favouring solar energy to preserve our natural resources, reinventing consumer uses to limit our environmental footprint, cultivating the comfort of each interior...

At Airwell, we are committed to this for the well-being of everyone and the environment.

*"What was our ambition became our mission."*

Yes, energy solutions must be intuitive in their management and use. Yes, they must reduce the ecological and economic impact of housing. Yes, the world of tomorrow must be built around a single principle: the serenity of each individual.

"And we are convinced of this."

*Our most beautiful energy story is you.*

# AIR/WATER *Range*

**HYBRID**  
HOUSE by Airwell

**WELLEA WT**  
Split heat pump with  
DHW tank included

 4.50 to 14.90 kW  
 4.25 to 16.00 kW

**HYBRID**  
HOUSE by Airwell

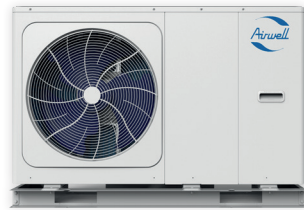

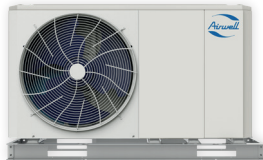

**WELLEA Split**  
Split heat pump

 4.50 to 14.90 kW  
 4.25 to 16.00 kW

**HYBRID**  
HOUSE by Airwell

**WELLEA Monobloc**  
Monobloc heat pump

 4.50 to 14.90 kW  
 4.20 to 16.00 kW

**HYBRID**  
HOUSE by Airwell

**WELLEA Monobloc DF**  
Monobloc heat pump

 18.50 to 31.00 kW  
 18.30 to 29.93 kW

**HYBRID**  
HOUSE by Airwell

**TFHX Eleo**  
Split thermodynamic  
water heater

 Volume: 200L, 260L

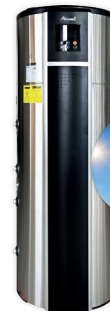

**HYBRID**  
HOUSE by Airwell

**TFHW Eleo**  
Monoblock thermo-  
dynamic water heater

 Volume: 120L, 190L, 260L

**HYBRID**  
HOUSE by Airwell

**TFHZ Eleo**  
Solar thermodynamic  
water heater

 Volume: 190L, 300L

# AIR/AIR Range

**HYBRID**  
HOUSE by Airwell

**HDHC Artica** High wall monosplit & multisplit  
High performance

**R32** 2.73 to 7.03 kW  
 3.14 to 7.33 kW

**HYBRID**  
HOUSE by Airwell

**HDMB Harmonia - Colour range** High wall monosplit & multisplit

**R32** 2.64 to 7.03 kW  
 2.92 to 7.33 kW

**HYBRID**  
HOUSE by Airwell

**HDLE Aura** High wall monosplit & multisplit  
Built-in Wi-Fi

**R32** 2.20 to 6.20 kW  
 2.40 to 6.50 kW

**HYBRID**  
HOUSE by Airwell

**ZDAA** Residential multisplit duo/trio/quattro/cinco

**R32** 4.10 to 12.31 kW  
 4.40 to 12.31 kW

**HYBRID**  
HOUSE by Airwell

**ZDAE** Residential multisplit duo/trio/quattro/cinco

**R32** 4.10 to 12 kW  
 4.40 to 13 kW

**HYBRID**  
HOUSE by Airwell

**XDLF** Console dual flow monosplit & multisplit

**R32** 2.70 to 5.20 kW  
 2.90 to 5.33 kW

**HYBRID**  
HOUSE by Airwell

**XDMX** Console dual flow monosplit & multisplit

**R32** 3.52 to 4.98 kW  
 3.81 to 5.28 kW

**FDMX** Floor ceiling monosplit & multisplit

**R32** 5.28 to 15.83 kW  
 5.57 to 18.17 kW

**FDLK** Floor ceiling monosplit, low temperature application

**R32** 5.30 to 7.00 kW

**SDMX**  
Inverter  
floor standing  
monosplit

**R32** 14.07 kW  
 16.12 kW

**JDAE Airflow**  
Thermodynamic  
dual flow CMV,,  
Airflow from 125 to 320 m<sup>3</sup>/h

**HYBRID**  
HOUSE by Airwell

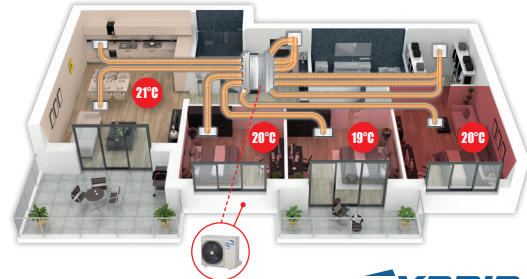

**R32** 0.92 to 2.07 kW  
 1.42 to 2.49 kW

**HYBRID**  
HOUSE by Airwell

**DDMX** Ducted  
monosplit & multisplit

**R32** 2.05 to 15.24 kW  
 2.34 to 18.17 kW

**WELLZONE**  
Multizone system  
monosplit & multisplit

**HYBRID**  
HOUSE by Airwell

**Zone control:** the ideal temperature in each room (up to 6 zones).

**CDMX**  
360° cassette  
monosplit & multisplit

**R32** 2.05 to 14.07 kW  
 2.35 to 16.12 kW

**XDAW**  
Monobloc console

**R32** 2.35 kW  
 2.36 kW

**WFAE**  
DC Inverter window

**R32** 2.75 to 3.70 kW

**MFH-MFR**  
Portable Cooling only or Reversible

**R290** 2.93 to 3.52 kW | 3.52 kW  
 2.93 kW

## SOLAR Range

## AirSolar SOLUTIONS

**PV modules**  
375 and 500 Wc

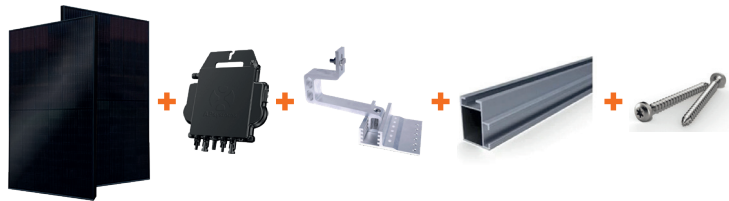

**Electrical boxes**  
Up to 6.00 kW single phase and  
up to 9.00 kW three-phase

**Micro-inverters and  
wiring accessories**  
730 and 880 VA

**Fixing systems**  
Tile, slate, steel roofing,  
fibre cement and flat roof/floor

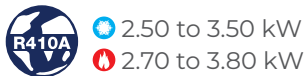

**Photovoltaic kits**  
From 0.75 to 9.00 kWc\*  
\* and more on request

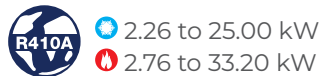

## WATER Range

**XDOW**  
Water console

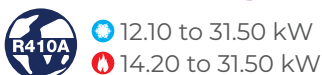

**DFMO**  
Water-loop heat pump

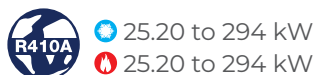

## TERTIARY & INDUSTRIAL Range

**VVFA 2-pipes -  
Front discharge**

**VVTA 2-pipes for  
continuous heating**

**VVEA 3-pipes for  
heat recovery**

INVOLVED IN THE  
**ENERGY TRANSITION**  
AIRWELL HAS IMPLEMENTED THE

*Airwell*  
ACADEMY

**TECHNICAL &  
QUALIFYING TRAINING**

to allow maintenance technicians, installers and distributors to develop their knowledge and offer them an energy management system that is both essential for their activity but also for the planet!
